NEXT IN THE

ONE NIGHT PRIOR, POLITICIAN KIZEKI KOUZOU-SAN AND HIS WIFE, THE TALENTED PRESIDENT OF DEBORAH PHARMACEUTICALS, EVE-SAN, HAD A SERIAL MURDER INCIDENT TAKE PLACE AT THEIR HOUSE.

THE VICTIM WAS KOUZOU-SAN'S ELDEST DAUGHTER, KIZEKI NOI-SAN

SHE DIED INSTANTLY FROM A GUNSHOT WOUND LAST NIGHT.

INFORMATION REGARDING THE CULPRIT IS CURRENTLY UNDER INVESTIGATION.

IN LIFE, NOI-SAN AND HER TWIN SISTER, ALTO-SAN, ARE ALSO FAMOUS.

Hello, hello——

What I want? Isn't it just because of our close relationship from working together a long time ago.

SO? WHAT DOES AN INVESTIGATIVE BUREAU AGENT, HOUJOU MARINA-SAN WANT?

DO YOU WANT SOMETHING FOR THIS GLOOMY HOARD OF WINE?

I DON'T EVEN REMEMBER THINGS FROM NOT SO LONG AGO.

A LONG TIME AGO ...HEY,

Is what I want to say but...

Guess there's nothing to be done— Then let's talk about things like the past while we enjoy the wine in bed...

APPEARS

I came here for business today.

KIZEKI...

...NO!!!

I'm surprised you know.

AHH, HER DEATH HAS BEEN THE TOPIC ON TV.

We're here about her bodyguard...

HO, YOU WANT ME TO BE A GHOST'S BODYGUARD?

Slide

And the other reason why I've come today is about her mother, **Kingshi Eve.**

The person they're currently investigating is...

No. The person after her is the true killer who murdered Noi last night by gun.

Maybe the news did mention a twin? There's another killer?

BA.

Her politician father, Kinjeki Kounjou!!

If he knew she was still alive, he would attempt to kill her again.

Don't do any unnecessary investigation. In any case, the world thinks she's dead.

So does the escaped would-be killer.

WHAT?! ...IN OTHER WORDS, YOU'RE TRYING TO ANTICIPATE HIM.

Well, in such a remote area, it's easier with fewer people knowing about her existence...

BUT WHY WOULD HE DO THAT TO HIS DAUGHTER?

WITH NOI STILL DEAD, IT WOULD MAKE CIRCUMSTANCES...NO, TAKING CARE OF HER EASIER?

LOOKS

HEY, WE HAVEN'T FINISHED TALKING...

Well, this is where I leave.

This is your payment. Take care of her.

"I'm only protecting a ghost, so isn't this a bit much? Or is there something else you're giving me?"

Said with that disagreeable smile, these were her last words.

"You can get a company to fix this old warehouse later."

You probably think that talking about it would hurt me or something.

Once, when we accidentally ran into each other in town,

she was shocked, like she had met a monster. She passed by without even a greeting, as if she was running away.

How many years has it been since I've been unable to approach my father.

I sometimes see my mother but I wonder if we just completely .. hate each other.

But, as chance would have it, I don't feel anything about what happened.

IT DOESN'T HAVE ANYTHING TO DO WITH ME BUT,

Well, I don't have any clue why she would hate me but,

In other words, we're her successors.

Yeah, Haivu is the name of the band Mom made

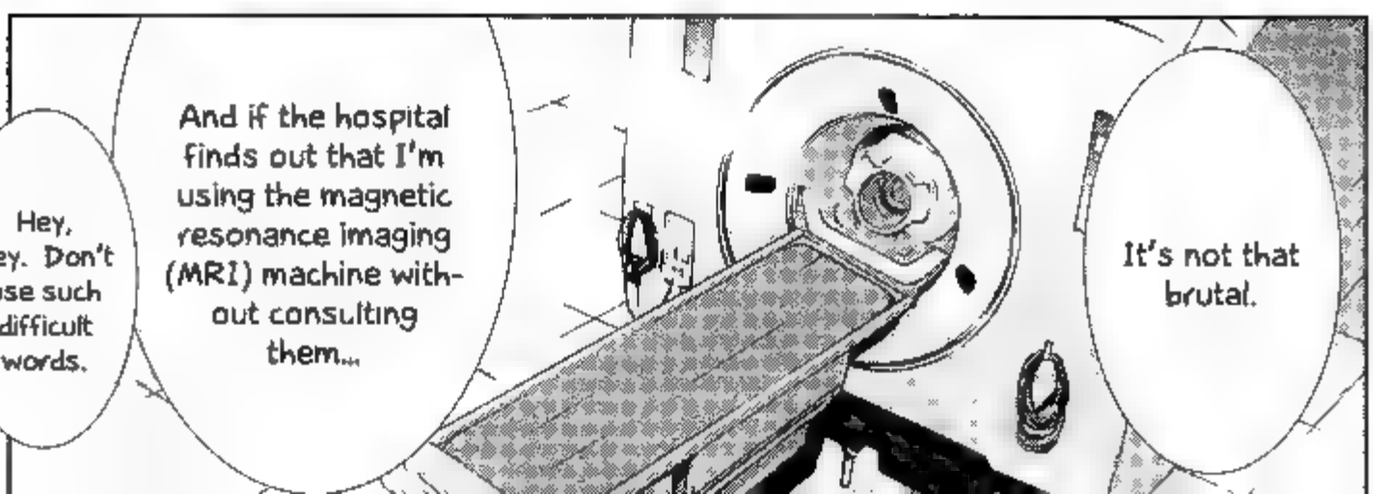
He is this hospital's neural surgeon.
Well, otherwise known as my personal underground doctor... I guess.
It seems like he's going to be using this fine machine to cut into your brain and examine it.



Hey, hey. Don't use such difficult words.
And if the hospital finds out that I'm using the magnetic resonance imaging (MRI) machine without consulting them...
It's not that brutal.

It's going to take one to two hours so please wait outside.
Scowl
Look, look. Your reaction.
By the way, how's Kami-san doing? And about that nurse you had been so friendly with...
I just have to do it, right...
Wah, wah. I get it, I get it.
Things would move a lot faster if she regains her memory.
What could Kizeki Kouzou's goal be. . or is there someone else involved?
Noi's father is working with the Defense Agency.
What we understand about this case so far is that the father of a politically involved family is not only after Noi, but her twin sister, Aito as well.
Perhaps a grudge against the Kizeki household?
Why is this?

That Eve was the client who personally hired us to protect her also smells fishy
Something else that bothers me is Eve's sister's husband who said he was at the scene
She leaves her precious daughter in the hands of an unknown man and doesn't even once visit
Noi's uncle, Kamikawa Ryuuzen

your assistant.

But?
But there is...
To be honest I don't actually have...anything conclusive...But that should be alright with you. I did not come across anything unusual in her brain.
A few years ago, I did hear about the synthesis of a chemical that controls memory.
Can you get it?
Yeah, yeah. I remember that medicine was in an ampoule.

Yes. It's probably owned by Deborah Pharmaceuticals. I have a contact there.
Deborah Pharma-ceuti-cals?!
The president is this case's client and Noi's mother... Eve?!

My, I kept thinking you look like her! And the same name! Wow, so the report that you had been killed was wrong.

So it is true?!

Let's go, Noi.

Well in any case, I wanted to talk to this case's client, Kizeki Eve, at least once
Well, if we get to speak with her is another story.
She must know something about the incident
who brought the case to me, with her at great length.

*YARUKIMANMAN IS ALSO A TV SERIES

Since the time the girls were born,
she has regained her past energy.

Um, I have one other question.

Do you know about
a medicine that can alter memories?

But

even if we do have it, it must have been made for a just cause. We wouldn't use it for evil

NOD

No...this company doesn't have that kind of medicine...

Memo-ries...?

? Why does she always use "-sama",

I thought one usually drops the honorific when speaking about your own president?

I see.

This company's workers deeply trust their presi-dent.

Because Eve-sama oversees everything.

Yes, the president is someone who surpasses categories like human and gender.
So much so that I feel jealous...
But I understand how chemists can be quite petty.
That's because chemists believe they can use chemistry to make anything possible.
For example, take that medicine you were speaking of If that had been successfully developed, every chemist in our company would probably want to prescribe it.
Or they would find other uses for it.
Ah, I've said too much...
Well, I still have work so I'll be leaving now...

She stinks!

Neither human nor female ...
They get in the way of my mom's happiness.
That this case is merely another love entanglement... not...
Well, it's not unthinkable.
That must be it, yup, yup.
In order for them to be together, he conspired to have us killed.

A lecture by Kizeki Eve...hm
the founder of a non-profit organization Bura?
Deborah Pharmaceutical's CEO

Dunno.
We just have to go and see.
SNAP
PUFF

But will she meet us?

Yeah.
Will we make it in time?

At the beginning of the case, we thought that Noi's father, Kizeki Kouzou wanted to kill his daughter
But,
And then there's Noi's inexplicable memory loss around the time of the incident.
If that's the case then what could be their purpose?
According to his final words, he had nothing to do with the Defense Agency's abduction of Noi
before our very eyes, he had been killed by an unknown force.
We heard that Deborah Pharmaceuticals had created a medicine capable of controlling memories but was that the cause?

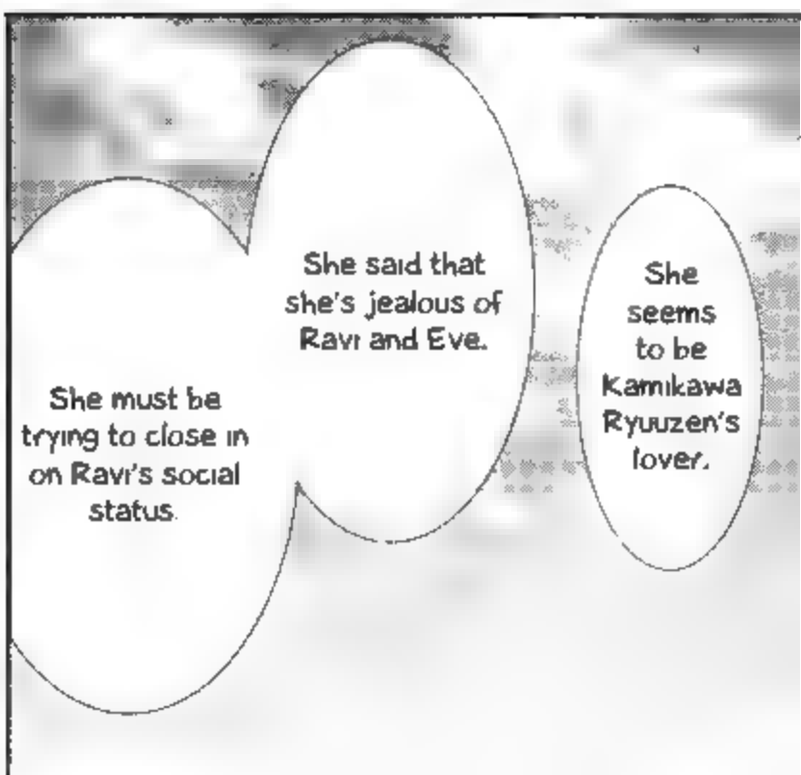
If that's true then the president, Noi's mother,
Eve, necessarily falls under suspicion but,

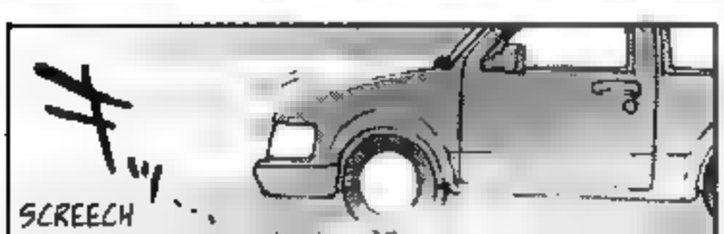
Oh, you're talking about Watanabe Mitsuki?
Marina-san said that she's seeing my uncle but...

About that person

Well, we still don't know what she's after

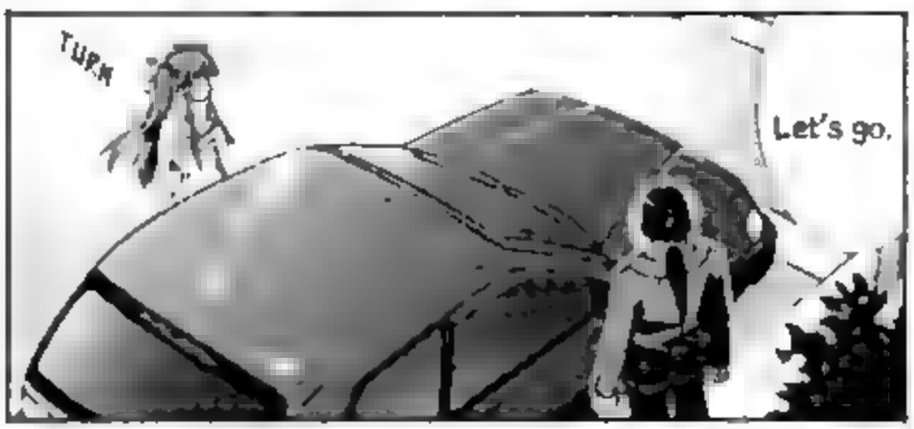


She must be trying to close in on Ravi's social status.
She said that she's jealous of Ravi and Eve.
She seems to be Kamikawa Ryuuzen's lover.



SCREECH

We're here.



TURN
Let's go.

?

Kojirou?

Dunno. We don't know that yet.
As I thought, mom might be somehow related to all this.
And my memories, she might have...

said it was in an ampoule. If I remember...
The memory controlling medicine that doctor mentioned

...Are you scared?

Looks like you don't know that girl's true character

Whatever happens, you'll still be you.
There's nothing to be afraid of
.....

--That's necessarily true.
When my memory re turns, this case will be closed and you won't have a JOB!!
Wh- what's with you
Ah,
I-I'm not scared or any- thing!

Uu--
That's because I'm still charged with protecting you by your mother!

Yes yes princess.
STOMP STOMP STOMP STOMP
Then, do your best protecting me
Well, it's still not certain that the we'll resolve the case when I regain my memory

Just what are you hiding
In this average girl..Kouzou?

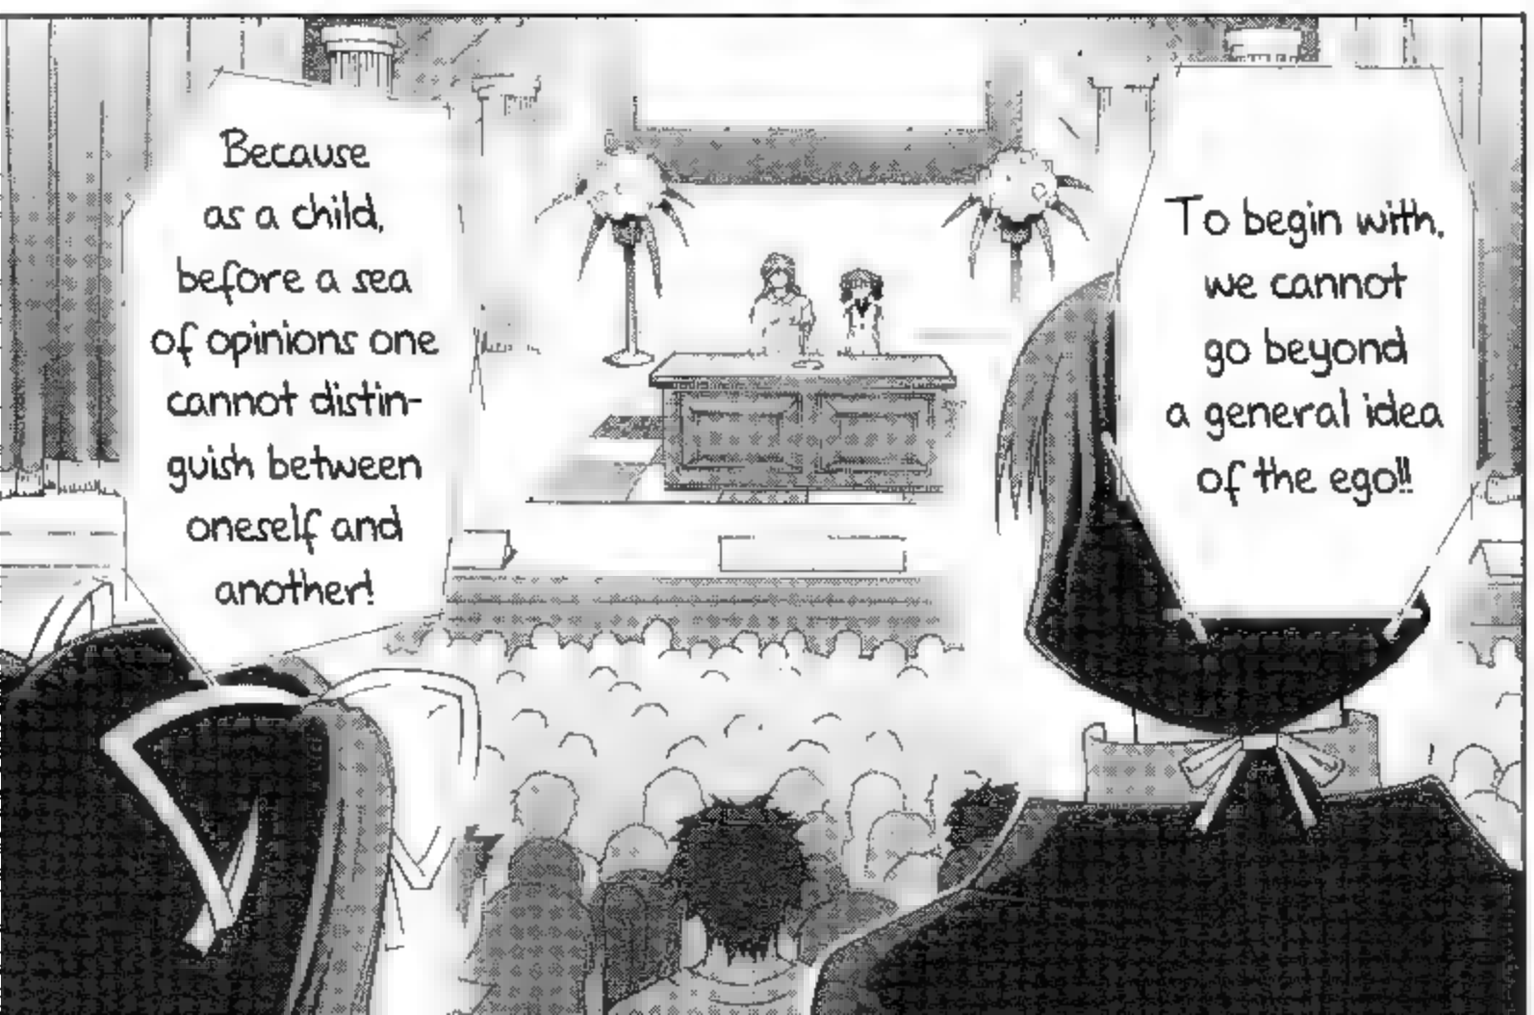
WAAAAA!!
!?

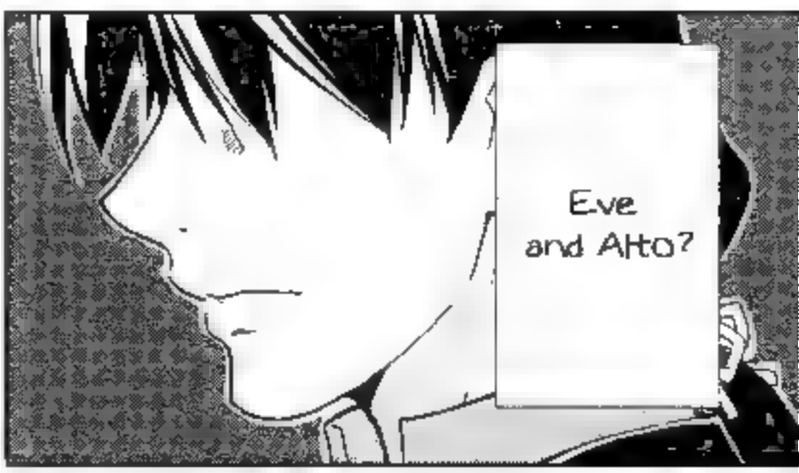
(REEAK
What the...?



Because as a child, before a sea of opinions one cannot distinguish between oneself and another!
To begin with, we cannot go beyond a general idea of the ego!!

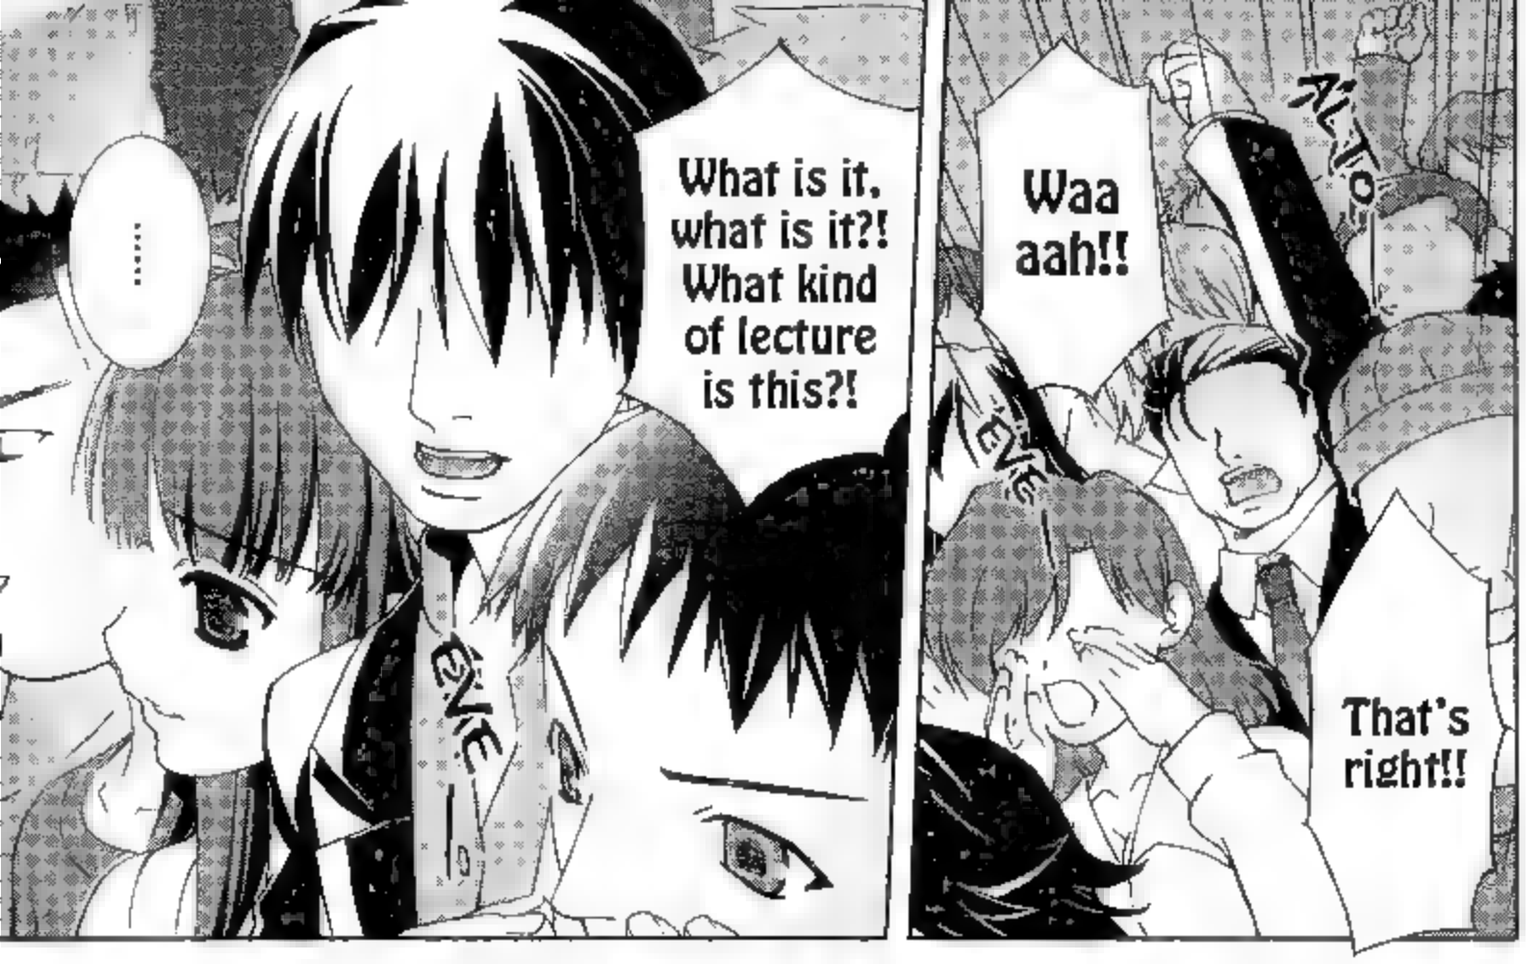
People need to be much stronger.
Even though it is not due to oneself but another that one falls. One believes that that is the case.
Conversion phenomena is an example of this.

As you can gather from this example, people are increasingly becoming one!



Eve and Alto?

That's right!
This is also naturally part of being human!!



.....
What is it, what is it?! What kind of lecture is this?!
EVE
Waa aah!!
ガバッ
EVE
That's right!!

In this chaotic age, with the search and struggle for the self, people begin to lose sight of the true human nature!
But! People were one to begin with!
One's desire is another's desire!
I am just another one among the masses!

So then, as you can see, we only have one goal!
This was supposed to be an NPO What are they doing...?

What?! Make mankind ...into one?!
Has she lost her mind?!
To make mankind into one!!

Using a pseudonym, I had an interesting phone conversation with them
I came to ascertain whether it was true but all that was left here is an empty shell.
So, I broke in
